Items contain the following ingredients are served Raw or Not Fully Cooked:

tuna, salmon, white tuna, red snapper, yellowtail, striped bass, sweet shrimp, squid, scallop, flying fish egg, salmon roe and white fish. The Illinois department of public health advised that eating raw or undercooked meat, poultry, eggs, or seafood posed a health risk to everyone, but especially to the elderly, young children under age four, pregnant women, and other highly susceptible individuals with compromised immune system, thorough cooking of such animal foods reduces the risk of illness. For further information, contact your physician or public health department
